PROPERTY DESCRIPTION

Two ladies already live here and are looking for another long term lady to share with. They are quiet, but outgoing ladies, like to enjoy all the world has to offer.

Both ladies enjoy going out, making new friends, gardening and arts and crafts.

Both ladies are quite independent and looking for someone similar in age and personality with little to no challenging behaviors.

Our goal is to teach and support you within your own home to be as independent as possible. We will assist you in building your own capacity in all areas of daily living, in managing your own home and learning and accessing the community around you.

About Ignite Community Services:

We have been operating for 4 years however have vast experience in the residential disability space. We do not operate our SIL homes like the rest. Each home is exactly that, a person's HOME. We don't charge tenants anything except utilities, mowing etc. (Internet is included with the property) We don't take percentages of pensions, that's your money! We are genuinely open and flexible in the way we support to ensure your needs are met, to live how YOU want to, not the way you are told to. We will advocate for you at every turn for what you need and want. We have been a registered provider from our beginning and had outstanding reviews from our participants, their families and our staff. We take great pride in making sure you are living, and being supported to have the best life you can. We have experience in high levels of care. Each home is appointed a Team Leader that manages the day to day -(Who also works alongside the team on site also in supporting), with a team that compliments the people living in the home.
